

Project Title –Emergency Medical Help

Project Narrative

This project serves the purpose of medical help. Basically, we are designing a website which relates to emergency medical help. We are trying to give the users to get appointment with the Doctor, donate blood, find a donor of any blood group available, get acknowledged about YOGA and AYURVEDA etc.

This project can make or bring a great difference and practise in society.

We have used HTML, CSS, BOOTSTRAP for frontend of the website and SQL, PHP for backend of the website. Adobe Photoshop has also been used for designing the logo and banner image of website.
